

SIVARAMAKRISHNAN M

CAREER OBJECTIVE

A self-motivated and adaptable learner with a solid foundation in IoT, eager to drive data-driven insights. Enthusiastic about utilizing my SQL skills to contribute effectively in a collaborative team environment.

EDUCATION

M.Kumarasamy College of Engineering, Karur [2021-2025]

B.E-Electronics and Communication Engineering

CGPA [till 6th Semester] : 7.837

Rani Meyyammai Hr. Sec. School, Puliur [2020-2021]

Higher Secondary Certificate

Percentage : 91.1%

Government Hr. Sec. School, Lalapet [2018-2019]

Secondary School Leaving Certificate

Percentage : 88.4%

PROJECT SUMMARY

Smart Air Monitoring System

- Developed a Smart Air Monitoring System using IoT sensors to enable data-driven insights to enhance environmental health

Prolonged Preservation of Tomatoes

- Developed an IoT-based evaporative cooling system with realtime monitoring and control of temperature and humidity to increase shelf life of tomatoes

CERTIFICATIONS & PATENT

- Microsoft Certified: Azure Developer Associate – Microsoft
- Secured a patent for an Evaporative cooling system enhancing tomato preservation
- Completed STEP Course certificate from HINDU Groups, recognizing strong communication skills
- Earned Elite Silver Badge Certification in 'Introduction to Internet of Things' from NPTEL
